

I wish my collection would sell for half as much  
as it now does. I have not had time to  
send it to you.

I have been very busy, but I have more time  
in my hands now. I have been investigating  
the paper to establish a transition, and I have  
found it to be *Madriensis*. If I get any more I will  
send it to you and you may see it also. I have

to your account the *Scilla* I have had for  
three years and am satisfied that it is only one  
of *H. unifolia*. I worked up our Utah *S. pedras*  
for Dr. S. last year, but I do not know what  
he has concluded about it.

Thank you again for your attention to my doubtful  
plants. I am very truly yours,  
M. J. [unclear]

1  
You did not tell me when and where you have  
described in *Anna Wetherby's* collection  
your collection. W.C.D.
